The right gloves for the job

Dozens of styles deliver the dexterity and protection you need.

GEMPLER'S® Unlined Nitrile Gloves

Extra-thick premium glove with excellent dexterity

100% nitrile gloves provide excellent protection for handling most agricultural chemicals, solvents, acids and caustics. Nitrile resists snags, punctures, abrasions and cuts better than other glove polymers. Nonslip grip makes wet or slippery work easier, while an ergonomic shape enhances fit and comfort. Unlined gloves can be washed and reused and are for use with pesticides having labels referring to **Category A, C, E or F** on the EPA Chemical Resistance Category Selection Chart.

727G
13"L gloves

13"L, 15-mil, Pair or Dozen

Offer increased dexterity that simplifies jobs like working with sprayer nozzles or other small parts. Individually bagged pairs. *Specify size: XS (7), S (8), M (9), L (10) or XL (11).*

Eco Best Technology®

Protection & Preservation in **ONE**

Our Eco Best Technology® (EBT) is the breakthrough innovation that gives rise to the world's first fully biodegradable nitrile glove. EBT is composed of organic materials that accelerate the biodegradation of nitrile in biologically active landfills. It helps preserve our planet without ever sacrificing performance.

Biodegradation Process:

SHOWA

Latex-coated palm and fingers

GEMPLER'S® Latex-Coated "Second Skin" Gloves

Excellent performance with an economical price

According to our field test, these are the best, most durable coated gloves available. The knit material is a soft, yet durable, blend of cotton and polyester that completely conforms to your hand. You may even forget you are wearing gloves! Thick textured latex-coated palm and fingers are chemical and water resistant and provide incredible grip. The fingers and palm are designed to fit the natural shape of your hand. Light tan knit back and red palm. *Specify Men's size: S-XL.*

Item #	Pr./Pkg.	Price
109868	1	\$4.49
139155	12	\$39.89

▲ **WARNING: Cancer and Reproductive Harm** - www.P65Warnings.ca.gov

Ninja® Flex Coated Gloves

Latex coated, durable and soft

Crinkle-coated gloves combine the best of durability and flexibility. Breathable, 15-ga. nylon/spandex shell helps keep your hands cool. Features latex coating on fingers and palm for a secure grip. Excellent dexterity for parts counting, assembling and multiple outdoor tasks. Treated with Actifresh® to kill bacteria and promote freshness. *Specify Men's size: S-XL.*

Item #	Price
150637	\$3.59

Insulated Gloves

Thin layer of acrylic for added warmth

The light insulation and rubber-coated palm of this glove allow for excellent grip and abrasion resistance, even in cold conditions. Gloves conform to the natural curves of your hands, giving you the flexibility and dexterity you need to handle a variety of tools and materials. Knit wrist for a snug fit. *Specify Men's size: S-XL.*

Item #	Price
125697	\$6.99

▲ **WARNING: Cancer and Reproductive Harm** - www.P65Warnings.ca.gov

Polyurethane-Coated Nylon Gloves

Great tactile sensitivity and grip for package handling

Rugged-yet-comfortable nylon shell and polyurethane palm/finger coating provide tactile sensitivity and grip for package handling or small parts handling. Knit wrist has a color-coded hem that helps workers quickly identify the size of glove they need. Individually poly-bagged by the pair. *Specify Men's size: S-2XL.*

Item #	Price
224313	\$2.29

High-Visibility Latex-Dipped Gloves

Greater visibility in diminishing-light conditions

High-visibility glove features a bright lime-green cotton polyester blended shell and a contrasting orange latex dip. The textured latex dip, which provides outstanding grip, is perfect when working with long-handled tools, rope, landscaping stone or anything that requires added hand protection. Form-fitting shell conforms to the shape of your hand. *Specify Men's size: M-XL.*

Item #	Price
156550	\$4.99

▲ **WARNING: Cancer and Reproductive Harm** - www.P65Warnings.ca.gov

Women's-Work-Is-Never-Done Gloves

KINCO Pigskin Leather Palm Gloves

Soft fleece lining for comfort

Pigskin is a more durable leather and dries soft after getting wet. The wing thumb allows flexibility and improved dexterity. Shirred (elastic) back keeps the glove securely in place. Safety cuff provides added protection. *Specify Women's size: S-L.*

Item #	Price
G24102	\$6.99

KINCO Deerskin Work Gloves

Unsurpassed flexibility

Deerskin is the most supple and flexible leather, and we have chosen only the highest grade of deerskin available. The keystone thumb provides the most dexterity and flexibility possible. Elasticized wrist gives a secure fit for added comfort. *Specify Women's size: S-L.*

Item #	Price
G20190	\$20.99

KINCO Latex-Coated Gloves

You'll forget you have them on

Latex coating on the palm and fingers allows you to grip things securely and acts as a barrier to water, dirt and grime. Latex coats the polyester knit glove that is highly breathable and durable. *One size fits most.*

Item #	Price
21791	\$4.29

KINCO Insulated Knit Gloves

Latex-coated gloves with excellent dexterity

Conform to your hands and have a light insulation that is perfect for cold conditions. Coating on palm and fingers gives superior abrasion resistance and incredible grip when handling cold tools and materials. *Specify Women's size: S-L.*

Item #	Price
134134	\$6.19

Digger Gloves

Best-fitting chore glove for women

Padded micro suede palms and reinforced fingertips add extra protection against tears and cuts. *Specify Women's size S-L.*

Item #	Color	Price

230239	Purple	\$15.99

Thorn-Stopping Pigskin Gloves

Extended protection against scrapes and cuts

16" elbow-length pigskin

leather gloves are ideal for stripping thorns and tending roses. Leather is brushed to a supple suede finish, but strength is retained to resist sharp thorns. *Specify Women's size: S-XL.*

Item #	Price
225923	\$43.39

Women's Goatskin Leather Gloves

Goatskin leather resists painful thorns

Top-grain, pearl-gray goatskin leather gloves resist sharp thorns found on roses, holly and the branches of many tree types. Comfortable, tapered suede cuff provides plenty of wrist protection. *Specify Women's size: S, M, XL.*

Item #	Price
225921	\$35.49

Chore Gloves for light-duty jobs

GEMPLER'S Cotton Knit Gripper Dot Gloves

Vinyl dots provide additional grip

For greater wear and better grip, try these gloves with vinyl gripper dots. Ambidextrous gloves conform to any hand size and are much cooler than leather gloves. Vinyl impregnations on both sides of glove double your wear and the life of the glove. Machine washable. Specify size: Men's L or Women's (6-8).

Superior dexterity for a variety of tough jobs. Meet NFPA 70e [2015](#) and OSHA [29](#) CFR Part 1926. *Specify Men's size: S-3XL.*

Item #	Price
225816	\$39.89

Glove Headquarters

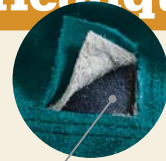

GEMPLER'S® Unlined Double-Palm Leather Work Gloves

Double-layered cowhide palm adds durability

You won't find a more durable leather-palm glove. A second layer of Grade A split shoulder cowhide is sewn to the glove using a nearly indestructible thread. You will not have to worry about the leather separating like on cheaper gloves. Great for jobs that are hard on gloves, like rolling cylinders or working with rough abrasive materials. Protective rubberized safety cuff and wing thumb for added comfort. Specify Men's size: S-2XL.

Item #	Price
230123	\$8.99

Two layers of cowhide for greater durability

GEMPLER'S®

Cowhide Leather Gloves

Drawstring back can be pulled snug

These quality gloves are generously sized. A keystone leather thumb ensures the best possible dexterity. Drawstring back can be pulled snug around the wrist to keep out debris and reduce slippage. Specify Men's size: S-XL.

Item #	Price
650L	\$14.99

GEMPLER'S®

Cowhide Fencing Gloves

Two-ply leather palm can really take a beating

Exclusive gloves are great for fencing or any other job that requires long-lasting, durable gloves. Two-ply leather palm is nearly indestructible. The entire glove is constructed of side split-leather cowhide. Reinforced thumb and forefinger. Specify Men's size: M-XL.

Item #	Price
G22718	\$8.99

Kevlar-Lined Cowhide Driver's Gloves

Balance durability and dexterity with ANSI Cut Level A2 protection

Premium-grade cowhide gloves are sewn with DuPont™ Kevlar® and lined with a 7-ga. Kevlar fiber liner for superior cut resistance. Ideal for a variety of applications including farming, landscaping and construction. Keystone thumb fits the natural curvature of your hand for added comfort. Shirred elastic back. Color-coded cotton hem to identify size. Specify Men's size: S-2XL.

carhartt Rainstorm Coat and Bib Overalls

Whether you're hosing down the barn or digging an irrigation ditch, this coat keeps you working through it all. It's tough midweight polyester with a waterproof poly/vinyl coating that locks out water. Adjustable drawcord hood, double storm flaps, internal rib-knit cuffs add to the protection. Two snap-close front pockets. *Specify color and Men's size: Regular S-4XL, Tall L-3XL.*

Rainstorm Bib Overalls are the same rugged, waterproof material as the coat, to take you through the toughest jobs and fiercest storms. Adjustable suspenders and snap-adjust waist let you personalize the fit for comfort in action. Zips down each leg making it easier to get your boots on and off. Roomy zip-close bib pocket (good place to stash your phone). *Specify color and Men's size: Regular S-4XL, Tall L-3XL.*

LIGHTEST WATERPROOF PROTECTION

NYLON

NEW

carhartt Dry Harbor Coat and CARGO PANTS

Waterproof yet breathable is the key here: Storm Defender technology locks out water, yet lets sweat escape so you stay dry on the job. Lightweight nylon for easy-moving comfort, with adjustable visored hood, front zipper with storm flaps, adjustable cuffs and hem, three outside pockets, drop-in inside pockets. Imported. *Specify color and Men's size: Regular S-3XL, Tall L-2XL.*

Dry Harbor Cargo Pants are same waterproof/breathable nylon as Dry Harbor coat, to keep you dry and comfortable even in a downpour. Large cargo pockets keep your tools close at hand, while the double layer knees have openings for knee pads. Drawcord elastic waist lets you bend, squat, stretch with ease. Black. *Specify Men's size: Regular S-3XL, Tall L-2XL.*

Helly Hansen Raingear: proven waterproof from the ocean to the job site

Sea captain Helly Hansen invented his first “waterproofs” in 1877, to keep he and his crew dry in harsh Nordic conditions. Today’s Helly Hansen waterproof gear isn’t like those original oilskins - it’s the lightest-yet-toughest, waterproof yet breathable high-tech gear there is.

Premium features—under **\$45**

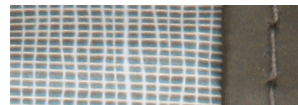

A difference you can see and feel

Gempler's PVC Lightweight and flexible.
Plus it won't stick to your skin!

Quality, tightly woven fabric is coated with just the right amount of PVC

Typical PVC Heavy, inflexible material that sticks to your skin when you sweat

Loosely woven fabric is flimsier and requires more PVC to compensate for less strength

Elastic waist with drawstring and stay-tight clasp

Zip-front jacket has a 2" snap-closure storm flap

Underarm and back vents

Reinforced elbow patches

Reinforced knee patches

Hook-and-loop wrist closures

12"L zippered cuffs make pants easier to pull on over boots

- Excellent freedom of movement
- Lightweight & Flexible
- 100% waterproof
- Extended sizes to fit your crew

GEMPLER'S® Economical PVC Rainsuits

Premium quality, affordable price

Durable .20mm PVC-on-nylon material is reinforced with rivets in high-wear areas. Zip-front jacket has a snap-closure 2" storm flap. Hook-and-loop closures at the wrist. Oversized, attached hood has an adjustable tab on the back so you can wear it with or without a hard hat. Underarm and back vents. **Bib overalls** have a snap fly plus industrial-grade suspenders and clasps, while the pants have an elastic waist and drawstring with a stay-tight clasp. Leg openings on bibs/pants have 12"L zipper closures to open twice as wide as other suits on the market. 30 1/2"L. Specify size: XS-S-XL.

NOTE: Yellow and blue rainsuits are available only with jacket and bibs.

in the outdoors like Timberlands.

Originally a New Hampshire shoe manufacturer, Timberland got its name in 1973 when it introduced its first waterproof boots, called (what else?) Timberland. They were an immediate runaway success.

Men's Ridgework Comp Toe Work Boots

The most protective and stable we've worn - even fight foot fatigue!

Uneven surface? Steep grade? The Stable Stride stability platform keeps you walking and working safely. And they're as protective as it gets, with Ever-Guard waterproof leather uppers and waterproof membranes that lock out water, composite safety toes with CarbonShield technology, lug rubber outsoles and much more. Dynamic anti-fatigue footbeds absorb shock and return energy so you feel fresher at quitting time. *Men's whole and half sizes 7-15 in Medium and Wide widths.*

A1KBW \$134.95

A1KBW

Men's Hypercharge 6" Comp Toe Work Boots

Waterproof, comfortable and darn tough.

Rigorously field-tested, and built for agility, protection and comfort. Premium waterproof uppers with waterproof membranes lock out water. Rubber lug soles are slip, oil and heat resistant to 572 degrees F. Stable Stride stability platform keeps you feeling nimble even on uneven surfaces. Composite safety toes with CarbonShield technology. *Men's whole and half sizes 7-15 in Medium and Wide widths.*

Men's Powertrain Low and Mid Work Shoes

Work light, work tough with athletic shoe comfort.

There's a revolution going on in work shoes. You're not stuck with heavy, clunky boots anymore. You can work in the same kind of lightweight, cushioned comfort you enjoy in your athletic shoes. These Timberlands have ripstop nylon uppers, polyurethane midsoles for electrical hazard resistance, lightweight alloy safety toes, polyurethane soles that are oil, abrasion and heat resistant to 248 degrees F. Anti-fatigue technology is built into the soles. *Men's whole and half sizes 7-15 in Medium and Wide widths.*

Cleated outsoles give you traction on the wettest, slickest surfaces

NEW **TINGLEY** When it's too sloppy for workboots, pull on WorkBrutes®!

You've got good money invested in your workboots. So you don't want to go wading into pig slop, mud, chemicals or toxic waste in them. What to do? Pull on WorkBrutes Overshoes. They're made with more room in the toe, to fit easily over steel toe workboots and other large shoes. Expansion pleats in key entry areas and a unique thumb pocket make them easy to get on and off. Even have heavy-duty heel kicks for hands-free removal! In injection-molded, seamless PVC, they provide 100% protection against liquids, mud and harsh chemical environments. And stay stretchy and flexible in cold temperatures. Increased thickness in high wear areas for longer life. Cleated outsoles are slip-resistant for sure-footed traction on the wettest, slickest surfaces. You're gonna love 'em! Specify size XS-2XL.

WHY CHOOSE TYVEK®?

- Excellent abrasion resistance
- Crotch gusset reduces coverall tearout
- Great breathability

APPLICATIONS:

- Handling granular, powder or dust pesticides
- Handling feed or dry fertilizers
- Clean-up work
- Mold remediation
- Paint spraying
- Food processing
- Oil and grease handling
- Lead abatement
- Fiberglass manufacturing, handling and installation
- Asbestos abatement

Tyvek® 400 Coveralls are lightweight, breathable customer favorite

Keep cooler while you work. Protect against splashes, plus hazardous particulates such as mold, some pesticides, asbestos and fiberglass. Low-cost and handy for dirty jobs such as machinery maintenance. Comfort-fit design and generous sizing in the sleeves and legs allow greater freedom of movement and reduces "tearing out" in critical areas. Serged seams. *Specify size from table.*

Tyvek® 400 Shirt and Pants provide protective options when full-body coverage is not necessary

Tyvek shirts and pants provide an ideal balance of protection, durability and comfort. Ideal for applications that do not require the full-body coverage of a coverall. Applications include lead and asbestos abatement/remediation, general maintenance/operations, spray painting and general clean-up. Flash-spun, high-density polyethylene creates a unique, non-woven material offering protection against particles down to 1.0 micron in size. Collared shirt has front snap closure and open wrists. Pants have open ankles and an elastic waist for easy donning and removal.

Unisex Safety Coverall Sizing Chart

NOTE: This is a general reference guide for coverall sizing.

WARNING: Tyvek® is not considered to be waterproof and only provides limited splash/spray protection. There are environments and uses for which these coveralls, shirts and pants are unsuitable. It is the responsibility of the user to review available data and verify that the garment is appropriate for the intended use and meets all government and industry standards. Avoid open flame or intense heat.

Spraying Headquarters

KIT INCLUDES:

- 3 1-gal. portable water containers
- 2 16-oz. bottles emergency eyewash solution
- 1 4-oz. container antibacterial hand/body soap
- 4 Extra-large disposable towels
- 1 Limited-use coverall, satisfies change-of-clothes requirement
- 1 14-1/2" x 12-1/2" x 12-1/2" carrying case

Insulated, Portable Decontamination Kit meets requirements of "decontamination site" specified in the EPA's Worker Protection Standard

Transport decontamination supplies to any jobsite with this handy kit. Heavy-duty carrying bag is constructed of thick, bright yellow nylon for easy identification, and is heavily insulated to keep your water and eyewash solution at desired temperature. Includes bilingual bag label and instruction card.

Closed

GEMPLER'S® 21" x 14" Warning Sign includes application data and "No Trespassing"

Sign easily snaps in half so binder rings can be inserted through the pre-punched holes. When posting is required, simply flip up top half of the panel for sign to read "DANGER - PESTICIDES - KEEP OUT." When the sign is closed, it reads, "POSTED - NO TRESPASSING." Sign is constructed of a high-density, .075-ga. polyethylene with UV inhibitors to prevent fading and no-rust, metal hinge rings. NOTE: This sign does not meet California WPS requirements.

D2020 \$14.29

NEW

GEMPLER'S® English Hmong WPS Warning Sign with Application Data

This Gempler's 14"W x 21"H Bilingual (English/Hmong) WPS Warning Sign quickly alerts others to recent pesticide applications with room to provide specific information including pesticide used, date of application and when the Restricted Entry Interval (REI) expires. Wind- and weather-resistant sign features the correct legend and legend size that makes it EPA-approved. Made with low-cost, .024-ga. polyethylene. NOTE: This sign does not meet California WPS requirements.

D2019 \$5.99

MOLDEX® 2300 N95 Respirators with Dura-Mesh® inner/outer maintains mask shape

Mesh shell extends the service life up to 5X that of conventional respirators. Central exhalation valve allows hot, moist, exhaled air to escape from within the respirator, greatly improving wearer comfort. Flame retardants are added to decrease flammability of shell. NIOSH Approval No. TC-84A-0328.

40-gal. Sprayer	# 230451	\$289.99

FEATURES:

- 15-, 25- or 40-gal. poly tank
- 1.6 gpm at 60 psi
- 12V diaphragm pump
- 30' Max. horiz. throw
- 18' Max. vert. throw
- 15'L braided nylon hose
- Ergonomic spray gun

230452

FEATURES:

- 15- or 25-gal. durable poly tank
- 12V diaphragm pump
- 1.0 gpm at 40 psi or 2.2 gpm at 70 psi
- 15'L hose
- 30' Max. horiz. throw
- 18' Max. vert. throw
- Ergonomic spray gun

GEMPLERS® 12V Spot Sprayers are durable and versatile enough for nearly any application

Built using a thicker polyethylene tank and more UV inhibitor, yet versatile enough for precision jobs and tough enough to last season after season. Use with water, herbicides, insecticides, and fungicides including glyphosate. UV-inhibited, polyethylene tank will provide many years of service. EverFlo diaphragm pump works where others fail. Features a 5"-dia. fill port with a tethered lid and a 15'L hose to extend your reach. **Deluxe Sprayer (230455)** features a Deluxe Spray Gun with a brass tip, heavy-duty lock, thick trigger and removable filter for easy cleaning.

748-BLUE

G44600

G44601

171349

Spray Colorant reduces wasteful overspraying

Concentrated liquid temporarily turns spray solution blue or green to mark where you have sprayed. Dissipates in 2–72 hr., depending on sunlight. Mixes with all liquid sprays. 0.5 oz. of liquid colorant treats 1 gal. Use 1 qt. for each 75–100 gal.; 1 gal. for each 300–400 gal. Use one solupak for 50 gal.

Item #	Description	Price
748-BLUE	1-gal. Blue Colorant (128 oz.)	\$54.99
G44600	Case of 12 Blue Colorant Solupaks	\$88.99
171349	1-gal. Green Colorant (128 oz.)	\$66.99
G44601	Case of 12 Green Colorant Solupaks	\$109.99

Economy Spray Gun works with pressure up to 100 psi

Features a 19"L metal extension, 3/8" hose barb inlet and 29"L overall. Trigger locks for continuous spraying, and spray tip adjusts from a straight stream to a cone spray.

29"L Economy Spray Gun # **134453** **\$10.59**

Drift Retardant reduces spray drift that might affect neighbors or other crops

Water-soluble product stays in suspension and increases droplet size to 200–400 microns. Droplets are heavier, more stable and resist movement from the target zone. Larger droplet size retards evaporation up to 30% in hot weather. Use 1–2 oz. per 100 gal. Always start with lower dosage and then increase as needed.

1 qt. Drift Retardant # **PL32** **\$26.99**

No messy mixing! Chapin® M.O.E. System makes spraying jobs easy.

Stop wasting water, chemical concentrate and time with Mixes on Exit™, the clean tank spraying system from Chapin. Separate water and concentrate tanks mean no more messy and wasteful premixing of chemicals – and your water stays clean! The Mixes on Exit system is designed around 2 tanks – a 25 gallon water tank and a 2 gallon concentrate tank - and a 2.2 GPM pump that connects to your ATV/UTV/Lawn Tractor battery. The included lockable poly shut-off and wand provide versatile, adjustable spraying on the go, with optional boom spray kits available (sold separately). A simple Mix Valve control allows you to adjust the concentrate from 1 to 15 ounces per gallon. 1-year limited warranty.

The easy, and effortless way to remove brush and the ROOTS

Brush Grubber™ Tools remove nuisance trees and brush using your tractor or ATV

Place grubber approximately 1' above the ground with the trunk between the jaws. A chain (not included) can then be attached from the pulling vehicle to the attached clevis on the Brush Grubber. Jaws close tighter as you pull and can quickly be removed from a tree by pushing the clevis back toward the trunk. All parts are replaceable.

Tough-as-nails garden Hoes with lightweight fiberglass handles

Choose the hoe you need for your specific application.

Nursery Hoe – 12-ga., 7"W x 3-1/2"H flat blade makes it ideal for general cultivating.

Beet Hoe – Easily chips, weeds and makes furrows for planting. 12-ga., 6"W x 2-1/2"H flat blade.

Loop Hoe – Double-edged, 12-ga. stationary blade cultivates on both the push and pull stroke. Ideal for less-compacted soils. Blade measures 6"W x 3-1/4"H.

Curved Garden Hoe – Heavy-duty, 7-ga. blade is sharpened on three edges, making it ideal for cultivating around low-hanging plants. Blade is 7"W x 1-3/8"H.

Garden Hoe – 6-1/4"W, 12-ga. steel blade. Ideal for general cultivating.

Warren Hoe – Oversized with a 6-3/4"L x 4-3/4"W 12-ga. steel blade that helps form perfect planting rows.

Cavex Hoe – 7-1/2"W, 7-ga. steel blade designed to deeply cultivate and remove weeds at the root level.

BULLY TOOLS
Products that separate you from the herd.

Field Hoes weed and clear ground with ease

The heavy, 7-ga. steel heads on these field hoes make quick work of weeds. The two longer-handled hoes have smaller-sized heads that make these tools ideal for weeding rows in between plantings. A large head on the shorter-handled version is an excellent choice for total clearing of weeds and light brush. Each hoe features a durable fiberglass handle.

Item #	Blade Width	Blade Height	Overall Length	Price
192153	4"	5-1/2"	59-1/2"	\$31.99

Bean Hook

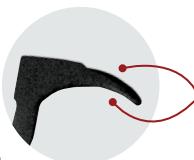

removes weeds where other tools can't

Also called a weed hook or briar hook, this unique tool can be used to remove weeds, vines or briars from tight spaces. Curved, 7-ga. steel blade can be sharpened on both the leading and trailing edge so it cuts on both the push and pull strokes. Blade size and shape also make it ideal for removing vegetation between pavers or sidewalk cracks. 24-3/4"L fiberglass handle.

Cleanup Tools

Rogue Hoe Tools are made by hand from recycled agricultural disc blades

No-Break Rakes – Move material quickly and efficiently

Mattock Hoes – Wide edge slices through roots, 2"L pick end is great for trenching and breaking or prying small rocks.

Strawberry Hoes – Forked end works around areas you want to save while still taking care of large roots, weeds and unwanted saplings.

Hoe Rakes – 2 tools in 1. Solid edge chops debris, while rake edge clears it away.

Field Hoes – Strong enough for breaking up sod or clearing small waste trees.

Pick Hoes – Spike-like pick to break up tough, rocky ground. Blade ends cuts through tough roots and compacted soils.

Flat-Bottom Hoes – Not sharpened on sides, but slices easily through soil and debris.

Three-Sided Hoes – Sharpened on all sides, this blade wields the ultimate slicing power.

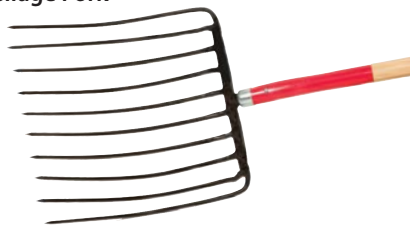

Garden Hoes – Low-profile, heavy blade is great for efficient work in tight quarters.

BEFORE

DURING

AFTER

IvyX™ Pre-Contact Solution

Provides an invisible barrier of protection

Prevents poison oak, ivy and sumac oils from being absorbed by skin, yet allows skin to breathe. Not greasy, sticky or clay-like—clear gel dries quickly on skin. Wash off with soap and water. For better results, wash with a poison oak, ivy and sumac cleansing treatment (see below).

Item #	Description	Price
10616	4-oz. Bottle	\$9.99
10976	Box of 25 Towelettes	\$23.99

Basic soap and water do NOT remove poisonous oils, which may continue to irritate skin for up to 3 days after exposure.

tecnu Outdoor Skin Cleanser

Treats poison oak, ivy and sumac rashes

Relieves itching and speeds healing by removing the resinous, rash-causing oils of poison oak, ivy and sumac from the skin. Apply within 4 to 8 hr. of exposure.

Item #	Description	Price
TECNU	12-oz. Bottle	\$10.99
TECNU32	32-oz. Bottle	\$18.75
TEC25	Box of 50 Packets	\$37.99

tecnu CalaGel® Anti-Itch Gel

Relieves the itch from poison ivy, oak and sumac

Combines an antihistamine and antiseptic in a clear, non-staining gel. Dries oozing and weeping. Also relieves the pain and itching caused by minor burns, sunburn, minor cuts, scrapes, insect bites and other skin irritations.

Item #	Description	Price
33062	6-oz. Bottle	\$6.99

NEW FLEXZILLA

Swivelgrip the no-kink, no-leak garden hose landscapers love!

The average garden hose is a pain in the posterior. Kinky, twisty, hard to wrangle, hard to connect. And isn't outdoor work hard enough? The Flexilla Swivelgrip eliminates all those problems - it's the most flexible hose you've ever used - almost like an extension of your arm. With SwivelGrip action, the hose turns freely inside the grip, uncoils easily, makes quick connections, and guarantees tangle-free yardwork. The superior O-ring provides a long-term, leak-free connection at the spigot. And the hybrid polymer material is far more flexible than rubber or vinyl, even in extreme temperatures from -40 to 150 degrees F. The first time you use it, you're gonna say, "Where you been all my life, Flexilla?" Drinking water safe.

Seeding

61049

106231

Welded crossbar snags roots below surface

Weedivator™ is four tools in one... cultivate, rake, pull and dig

Helps you prepare seedbeds, even if they have sod, weeds or rocks. On one side, a threaded crossbar welded to four tines snags roots, weeds and rocks beneath the soil surface as you cultivate. Tines can also be thrust into sod or clumps of weed roots and easily removed with a rocking motion. Turn it over to use a cupped scuffle hoe with a serrated edge on both sides. 59" L with 4-1/2" L tines.

156314 \$31.99

Give grass seeds a fighting chance to grow by halting wind and water erosion with this landscape Blanket

100%-natural aspen wood fibers are "weed seed" and chemical free. Wood fibers are held together by biodegradable mesh netting that lasts 30 to 60 days. Fibers expand slightly when wet and slowly release the moisture to the seeds below. Works best for slopes 2:1 or less and areas of light to moderate rainfall and runoff. 4'W x 101'L roll.

60917 \$46.99

Heavy-duty Stake Flags

High-Visibility Outdoor-Grade Vinyl Stake Flags are available in different staff lengths, staff materials and colors

Brightly colored and visible at long distances and ideal for marking a variety of applications such as irrigation lines, utility lines, boundaries, crop rows and nursery trees. Also ideal for indicating plant positioning, soil types and spray areas. Flags are constructed of heavy-duty 4-mil vinyl and are mold and mildew resistant. Wire stakes are constructed of sturdy 15.5-ga. steel wire. PVC stakes are solid 1/8"-dia. PVC plastic for increased safety around machinery and underground utilities. Wire stake flags are packed in bundles of 100; PVC are packed in bundles of 50. All sizes and lengths available in the fluorescent and standard colors displayed.

3/8"-dia. fiberglass staffs can handle these larger flags, no problem. Include a 5"L piece of yellow reflective tape just below flag.

Item #	Description	Price
221846	Flag with 5'L Staff	\$9.99
221847	Flag with 8'L Staff	\$12.99 T

T: Shipped via truck due to size and weight.

Outdoor-Grade Pattern Vinyl Stake Flags

Heavy-duty mold- and mildew-resistant 4-mil vinyl

High-profile marking flags are ideal in heavily marked areas because they stand out against plain flags. Easily identified from a greater distance. Variety of colors and patterns appear on one side of flags. 4" x 5" flags are constructed of heavy-duty 4-mil vinyl and are mold and mildew resistant. Wire staffs are constructed of sturdy 15.5-ga. steel wire. Packed in bundles of 100. Specify pattern: checked, polka dot or striped; and color: black on yellow, blue on white or red on white.

Item #	Description	Price
18VS1	18"H Wire Staff	\$13.99
30VS1	30"H Wire Staff	\$15.99

High-visibility vinyl flagging tape cold rated to -28°F

**TOP
PICK**

Nurseryman's-Grade Vinyl Tape available in five styles in 45 different colors and patterns

Our flagging tape is brightly colored and easy to see at long distances. Great for marking trees and shrubs in nurseries, tagging shrubs and trees on landscaping jobs, flagging boundaries/hazards on timberlands, distinguishing spray areas and retail labeling. Choose from brighter hi-vis fluorescent, standard colors, stripes, polka dots and checkered patterns. Fluorescent rolls are 150'L x 1-3/16". All other rolls are 300'L. If you prefer to order by the case, there are 144 rolls in a case. **NOTE:** Polka dot, striped and checkered designs are one sided only.

KEEP PROPERTY PEST-FREE

Powerful protection to keep pests from feasting on your foliage and destroying your property.

Birds

Pistol-Launched Pyrotechnics protect crops, fish farms and feedlots from bird damage

Frighten birds with Screamer Sirens and Bird Bangers. Both are fired from either the single- or double-shot launchers. No ATF permit required. 100 blank charges are included with each pyrotechnic. Additional packages of blank charges sold separately.

NOTE: Not for sale in AK, HI, NJ or OR.

Screamer Sirens – 100dB siren-like sound as birds fly toward the target.

Bird Bangers – Explode with a loud 90dB report downrange.

A. Screamer Sirens (Pkg. of 100)	# RASS*	\$83.99
B. 15mm Single-Shot Launcher	# RA15	\$52.99
C. 15mm Double-Shot Launcher	# RA25	\$58.99
D. Bird Bangers (Pkg. of 100)	# 217801*	\$83.99
E. Additional Blank Charges (Pkg. of 100)	# RBLNK*	\$16.99

LP Gas Cannons produce loud “thunderclaps” to repel birds

Rugged systems deliver a harmless noise bursts equivalent to a 37mm cannon (130dB). Cannons run on a single 5-gal. liquid propane (LP) cylinder (not included).

M4 Single-Detonation Cannon – Fires at a regular interval, user set from 30 sec. to 20 min. Runs 14 days at a 20-min. interval per 5-gal. LP.

M8 Multiple-Detonation Cannon – Fires at an irregular interval, approximately three times in 25 seconds, followed by four detonations in one minute. Runs 10 days per 5-gal. LP.

Rotomat Revolving Platform – Moves the M4 or M8 cannon's direction of fire in a complete 360° rotation, about 90° at each detonation.

M4 Single-Detonation Cannon	# RABM4	\$487.99
M8 Multiple-Detonation Cannon	# RABM8	\$503.99
Rotomat Revolving Platform	# RABRP	\$365.99

*Requires special handling due to DOT regulations. Additional shipping charges apply. Can't be shipped by air. **WARNING:** Pyrotechnics and launchers are for use in wildlife and pest control only. Follow directions carefully. Always use eye protection and ear protection. Keep all pyrotechnics locked and out of reach of children. **Must complete Wildlife Control Statement and must be 21 years of age or older to purchase pyrotechnics.**

Calling Foul on Fowl

Will pay for itself by preventing damage

NEW

Waterproof Laser rotates 360° to scare birds away

Avian Laser Deterrent gives you a noise-free, poison-free method of preventing bird damage. Developed specifically for growers who require crop protection in uncovered, outdoor areas. Locking ring holds a bolt or chain to prevent tampering. Connects to a 12V battery, not included. FDA safety compliant.

230650 \$3995.00

Covers
6,500 sq. ft.

QuadBlaster Bird Repeller stops bird infestations and unsightly droppings

Chase nuisance birds out of semi-enclosed or enclosed areas, such as barns, storage sheds, warehouses, garages and more. Four internal speakers generate overlapping UHF sound waves that create an irritating environment, making it difficult for birds to stay, yet is silent to humans. Plugs into any 110V AC outlet.

84469 \$555.99

Super Sonic Sound Deterrent will scare unwanted birds from your property

Weatherproof, Bird Chase® system broadcasts distress and predator calls from more than 22 different bird species. Safe for use around pets. Use additional speakers (sold separately below) to cover larger areas.

IDEAL FOR SCARING:

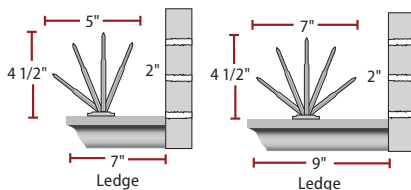

- Pigeons
- Crows
- Starlings
- Swallows
- Gulls
- Sparrows
- Woodpeckers
- Grackles

Pulsing Strobe repels pigeons and other nuisance birds

One-million-candlepower BirdLite™ Strobe Light sends out intense white, red and blue light at 75 flashes per minute. Unit creates light pulses and shadows that are intolerable and disorienting to birds. The light is barely noticeable by people on the ground when installed at heights where birds normally roost. Covers up to 10,000 sq. ft.

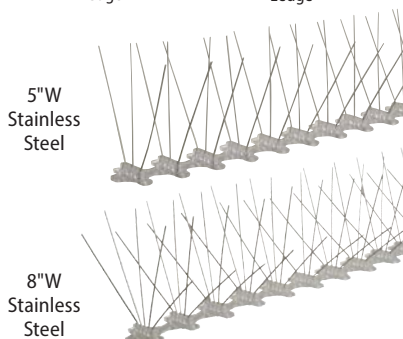

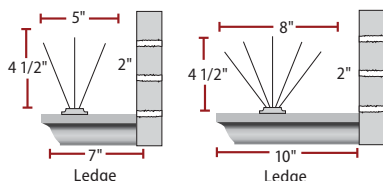

125999 \$269.99

Polycarbonate Bird Spikes blend with your exterior

Repel all species of birds with these durable spikes. Flexible spikes are ideal for ledges, windowsills, beams, roof peaks, signs and even curved surfaces. Attach with No. 8 wood screws, or construction adhesive. Available in seven colors in 5"W or 7"W. Total length listed below is made up of 2'L sections. Color: brick red or clear. **NOTE:** 10'L spikes only available in clear.

Item #	W	Total Length	Price
160368	5"	10'	\$29.99
160369	7"	10'	\$32.99
160370	5"	50'	\$145.99

Stainless Steel Bird Spikes are an ideal repellent for all types of roosting birds

Long-lasting, maintenance-free polycarbonate and stainless steel spikes are an economical choice to get rid of pest birds and their waste. Total length listed below is made up of 2'L sections. Mount sections on flat, curved or irregular surfaces with wood screws or adhesive.

Item #	W	Total Length	Price
160372	5"	10'	\$44.99
160373	8"	10'	\$49.99
160375	8"	50'	\$259.99

The Bird Spider™ uses movement to keep birds away

Stainless steel "arms" move with the breeze to keep birds from landing and roosting. Ideal for air conditioning units, signs, rooftops and boats. Can be mounted with the included 4" x 4" PVC base. Units may be installed in a row. Arm tips should overhang the mounting surface by at least 2". Overall: 8"W.

151331 \$49.99

Scare Eye Balloons scare birds fast!

Easy-to-use, 18"-dia. balloons have Mylar® tails and "eyes" that mimic and exaggerate the glaring eyes and gaping mouth of a predator bird. We recommend four to eight balloons per acre. Hang 3' above your crop. Pole not included. We recommend electrical conduit. Rotate colors for best results. Color: black, white or yellow.

TEB \$10.99

Rotates for added realism

Predator Eye Diversers repel nuisance birds

The shiny, reflective surface and mock predator eye frighten and confuse birds. Ideal for repelling birds on fruit trees, homes, patios and boats. Feature a 360° swiveling, hanging loop so diversers rotate for added realism. Use twine, string or rope to hang diversers at varying heights, about 2' or 3' apart. Pkg. of 5.

121 Place Pacs	# 211693	\$109.99

Use a 12-month bait rotation schedule for maximum rodent control

The purpose of bait rotation is to initially knock down the rodent population to a manageable level. The next step is to create a rodent-free environment by rotating between anticoagulant and non-anticoagulant baits. Bait rotation helps prevent anticoagulant resistance from occurring and will keep rodent populations under control.

227664

227665

Low-cost, all-weather Bait is irresistible to rats and mice

Works well as a maintenance bait after you've knocked out a major infestation and want to keep any subsequent rodents under control. Item # 198274 easily breaks into smaller pieces. **NOTE: Not for sale in AK.**

G73345 \$17.99

Low-profile Rodent Bait Station
13-1/2"L x 9"W x 3-3/8"H.
109668 \$20.99

Did you Know? A pair of mice living in your garage can grow into a gang of 20 or more in only a few months. While most rodents prefer fields and woods to human habitats, the opposite is true of three notorious species uniquely adapted to living around humans. The house mouse, the black/roof rat and the Norway rat. The better you know your enemies the easier it will be to bring them under control.

Mini PestChaser® Repeller is completely inaudible to people and non-rodent pets

Emits high-frequency sound waves between 32–62 kHz that cause rodents to leave the area. Sound waves cannot travel from room to room, so a unit is needed for each to make them rodent free. Rodent pets like guinea pigs, hamsters, rabbits, etc. should be relocated to another room. At first use, rodents become disoriented so you may see more activity than normal which should decrease in 6–10 days.

NOTE: Not for sale in HI or NM.

Pkg. of 3 # 226421 \$26.99

Nightlight provides a soft glow

Exterminator kills rodents without poisons or a sticky mess

Heart-stopping electric shock instantly kills a rodent. Makes up to 20 kills per set of (4) D batteries (not included). Bright indicator lights show when the trap is full or needs new batteries. Allows hands-free rodent disposal. Weather-resistant housing can sit in the rain or 1/4" of water and still work. Rodent terminator measures 12-3/8"L x 4-1/4"W x 5-1/4"H.

Trap Monitor – Reports low-battery status, service requirement or successful kill. Allows wireless communication up to 100' from the trap. Includes wall charger.

Rodent Terminator # 217659 \$58.99
Trap Monitor # 221981 \$27.99

Eliminates moles on the first try

The Mole Eliminator® Trap is made of durable electroplated steel for years of use. Place scissor-like trap over active "travel" tunnels, which tend to be long and straight. Set by pressing down the activator with your foot. 6"L x 6"W x 12"H.

RMEL \$32.99

Professional-strength Glue Traps with strong adhesive to prevent escape

Pkg. of 2 # 72590 \$5.59

Indicator light on each side

Top Rodent Stoppers

Clear viewing for a quick visual check

Easy to set, empty and clean

Rat Trap # RSNE2 \$5.49
Mouse Trap # RSNE1 \$3.49

Catches up to 30 mice

Wind the knob and the trap is set. No poisons or baits are needed. When mice enter the trap, they trigger a paddle that whisks them into the holding chamber. Safe to use around children and pets. 7-1/4"L x 9"W x 5-1/2"H.

127675 \$21.99

Ultrasonic PestChaser® Rodent Repellers work without bait

Repellers emit high-frequency sound waves between 32–62 kHz that humans and most pets can't hear. Reduce rodent activity in 6–10 days. For indoor use.

Heavy-duty – Includes two powerful speakers for sound wave distribution that's ideal for corners of large rooms.

Ultra – Includes three speakers to provide protection in large indoor spaces like garages, attics and basements. **NOTE:** Not for sale in HI or NM.

Heavy-Duty # 147990 \$42.49
Ultra # 222001 \$59.99

Bulk Rodent Trap Glue

Refill existing traps or make your own. 1 gal.

147703 \$45.99

Easily applied with putty knife

Trap is organic, safe and reusable

Trap and remove gophers and moles once and for all. Use the wedge-and-probe tool to set the trap from above the ground. Yellow catch indicator lets you know when a gopher has sprung the trap. No digging and no need to handle dirt!

Trap w/ Wedge & Probe Tool # 226427 \$32.99

Trap Only (use with 226427) # 226428 \$24.99

Yellow catch indicator lets you know when the trap has sprung

Trap sets easily from above the ground

Wedge-and-probe tool No digging and no need to handle dirt!

Had (past tense) moles the size of Norway rats. This trap works often within minutes and certainly overnight.

—Nightlatch; Pilot Point, TX

Easy to Use

- 1 Locate an active tunnel
- 2 Poke through the tunnel (using a stick or dowel) and place a Mole Killer worm or two grubs at the bottom of the tunnel
- 3 Once bait is placed, carefully cover the hole with soil so light can't penetrate the tunnel. After feeding, moles typically die in their tunnel and decompose naturally.

NOTE: Pesticides should be handled according to the package label. EPA registration #12455-101-3240. Not for use against the star-nosed mole in NC. Not for sale in AK, HI or NY.

134528

151388

Motomco® kills turf-destroying moles

These baits duplicate the optimal size, shape and feel of the foods moles love to eat. A single worm or two grubs contain a lethal dose of bromethalin, which can kill moles in two days or less. Store in a cool place.

Worms, Pkg. of 12 # 134528 \$22.99

Grubs, Pkg. of 8 # 151388 \$14.99

Get rid of moles in minutes!

Repellex® Repels moles, gophers, voles and groundhogs

How to choose a sweep net

Muslin or sailcloth?

Muslin is lighter in weight and dries out more quickly. Sailcloth net bags are tougher and stand up to everyday duty in brushy or spiny crops like alfalfa and cotton.

12" or 15" nets?

Most sweep net tasks call for a 15"-dia. net opening. It's important to use a standard size so that your results are comparable to those of others, and from one day to the next.

R03101

R03401

Premium Reinforced Silver/Black Tarps

Ideal for covering just about everything from dirt piles to roofs. Constructed from a tough, 1,600-denier, 12-mil thick polyethylene material and saturated in UV inhibitors. Seams are heat sealed for waterproof protection. Rope-reinforced hems are double stitched for maximum anchoring strength. Brass grommets. Silver on one side, black on the other. *Actual finished size may be 3-5% shorter than the size listed due to the tarp-making process.*

Safer and stronger than traditional bungees

Super-strong, flexible polyurethane stretches to more than twice its original length. And since there's no rubber, these bungees won't crack, break, split, become brittle or scuff. Resistant to UV rays, oil, salt water, gasoline/diesel fuel and most household chemicals. Plastic hooks/clips prevent marring.

Cleaning Solutions

HARPER

All Brooms are not created equal!

These industrial-grade Harper® Brooms are far superior to the dressed-down knockoffs showing up in stores. Mildew-resistant synthetic bristles hold their shape even in water.

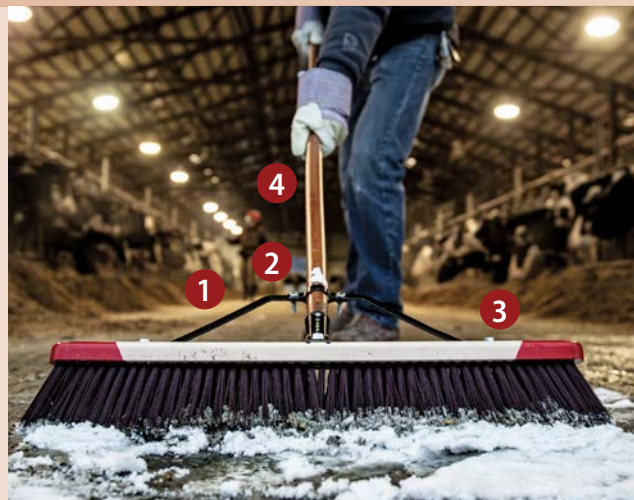

- 1 Steel handle brace stabilizes brush and reduces handle strain
- 2 Heavy-duty connector tip eliminates breakage common with screw-type handles
- 3 Strong hardwood block withstands tough treatment
- 4 60"L, 1-1/8"-dia. hardwood handle is made from the highest tensile strength, kiln-dried wood

Now you see it (rust)

Now you don't. Easily paint or spray onto rust and watch it convert like magic

No grinding or sandblasting. Wire brush-off loose rust. Apply directly on surface.

Reacts with rust to form an inert black barrier that prevents future rusting.

Simply apply oil-based paint over Rust Converter to restore valuable tools and equipment.

- 1 1-gal. Rust Converter
- 1 2-qt. Polypropylene Pitcher
- 1 4-mil Disposable Nitrile Gloves, Powdered, Box of 100
- 1 Safety Glasses, Clear Lens
- 1 Steel Wire Brush
- 1 2"W Paint Brush

Submerge rusty items after cleaning off dirt and oils

GEMPLER'S® Rust Remover has rust-inhibitor additives to remove rust without scrubbing—just let it soak

Soak time depends on the severity of the rust. Works on heavily pitted metal. Once treated, simply rinse with water, then air or towel dry the item. Can be reused until no longer active. Nontoxic formula is pH-neutral, biodegradable and non-flammable. Won't harm rubber, plastic, vinyl, PVC, aluminum, copper or brass.

Fast Fence Repair

EASY TO USE:

1 Insert clip

2 Turn crank

3 Hook over wire

219441
Wire Tightener
Handle

Jake's Wire Tighteners™ Fencing Tool is a fast, reusable solution for repairing fences

Repair fences quickly without expensive tools or having to cut wire. If the wire ever loosens, just give the galvanized steel clip a turn or two to tighten. Plus, the tighteners won't cause kinks, which can weaken your fence and leave it prone to future breaks. Standard 1/4" clip accommodates up to 12-ga. barbed wire. 5/16" clip works on wire up to 9-ga. bull wire and 12-ga. high-tensile wire.

Gripple® wire joiners and tensioners quickly and easily repair fence wire

Easily join wire, re-tension, terminate around an end post and create tension-release slots for adjustments. Simply insert two ends of the wire into the Gripple and use the Torq Tool (224791) to apply tension. Ceramic locking mechanism design provides a strong, reliable grip on the wires. Torq Tool is handheld, lightweight and compact. Features a built-in tension gauge to ensure you are applying the right amount of tension (up to 400kg of load with minimal effort).

Item #	Description	Wire Gauge	Maximum Load	Wire Type	Qty./Pkg.	Price
224786	Small Gripple Plus	13 - 17 ga.	660 lb.	Plain Wire	20	\$29.99

Tire Repair Supplies

1-gal. containers include an easy-to-use pump

GEMPLER'S

Say goodbye to flat tires and blowouts

Ultraseal Tire Sealant conditions tire casings and maintains proper air pressure to protect against tread separation. Also improves fuel mileage and permanently seals leaks, resulting in reduced tire wear for extended life. Guards against punctures, flats and blowouts, reducing downtime and improving safety. Inhibits rust and corrosion on steel belts, wheels and rims. Won't freeze or evaporate inside tire for all-weather protection. Water-soluble for easy cleanup. One application lasts the life of the tire. **228245**, **228246** and **228247** require an installation pump (228248 sold separately online). **NOTE:** Not for ultra-high-performance tires.

1-gal. Container, Pump Included

Commercial Grade	# G64511	\$62.99
Bulletproof Grade	# G65511	\$72.49
Extreme Grade	# 224917	\$76.49

5-gal. Pail, Pump Sold Separately

Commercial Grade	# 228245	\$228.99
Bulletproof Grade	# 228246	\$264.99
Extreme Grade	# 228247	\$274.99

Commercial Grade

- Seals up to 1/4"-dia. punctures in tubeless tires
- For high-speed vehicles and off-road machinery
- Ideal for cars, ATVs, trucks and farming equipment

Bulletproof Grade

- Seals up to 1/2"-dia. punctures in tubeless tires
- For slow-moving vehicles and off-road machinery
- Ideal for farming equipment and military vehicles

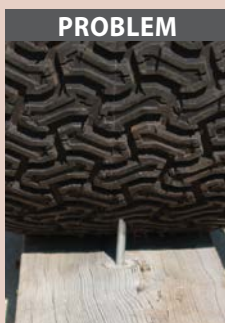

Extreme Grade

- Seals up to 1/2"-dia. punctures in tube and tubeless tires
- For high-speed and slow-moving vehicles and off-road machinery
- Ideal for cars, ATVs, trucks, farming equipment, military vehicles ... virtually any pneumatic tire

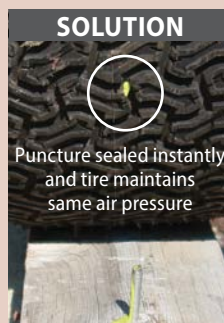

Ultraseal isn't magic – it just plain works

- 1 Release the air pressure from the tire and remove the valve core.
- 2 Pump in the recommended amount of sealant.
- 3 Install valve core and inflate the tire—now you're ready to roll.

Dosage questions?
Visit gemplers.com/ultraseal-charts

PROBLEM

SOLUTION

Puncture sealed instantly and tire maintains same air pressure

Ultraseal Tire Sealant Completely adheres to tires for even coverage compared to the competition

106801 \$39.99

YETI® Is your cooler tough enough?

Better get a YETI—designed and tested by outdoor adventurers! In 2006, two brothers from Austin, Texas decided the typical big box cooler just wasn't tough enough for their kind of climbing, hiking, fishing adventures. Or even for the typical construction or landscaping job site. So they invented YETI coolers: more ruggedly built, better insulated, easy to carry. Just what you need to keep you and your crew fed and refreshed.

YETI® Rambler 20 oz. Tumbler

Made from rugged kitchen-grade stainless steel, with double-wall vacuum insulation to keep drinks colder. MagSlider Lid slides smoothly back and forth and prevents heat or cold from escaping. The magnetic component is not leakproof and will not prevent spills. 6.875"H. *Specify color: navy, stainless steel, seafoam or black.*

YRAM20 \$29.99

YETI® Rambler Bottles take a licking

Pretty much indestructible, so they're ideal for job sites, truck cab or Bobcat. 18/8 stainless steel, with double-wall vacuum insulation keeping drinks ultra hot or cold. Leakproof TripleHaul cap with handy 3-finger grip. *Specify color: stainless steel, black, seafoam, navy.*

18 oz. bottle	YRAM18	\$29.99
26 oz. bottle	YRAM26	\$39.99
36 oz. bottle	YRAM36	\$49.99

YETI® Tough-as-nails Rambler Mugs in 2 sizes

Bash 'em, bang 'em - you can't hurt these 18/8 stainless steel, camp-style mugs. Double-wall insulation keeps cold drinks cold, hot drinks hot to the last sip. Full loop TripleGrip handle is comfortable for bigger hands. *Specify color: stainless steel, black, seafoam, navy.*

14 oz.	YRAM14	\$24.99
30 oz.	YRAM30	\$34.99

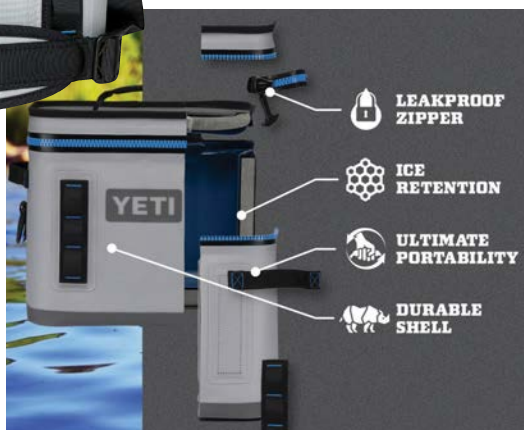

YETI® Hopper Flip 8 Cooler

The ultimate personal cooler: rugged and waterproof, with amazing cooling power. Wide-mouth opening for easy loading. Detachable shoulder strap with side handles. 8-can capacity. 10.5"H x 11.5"W x 8"D.

YFLP8-GRY \$199.99

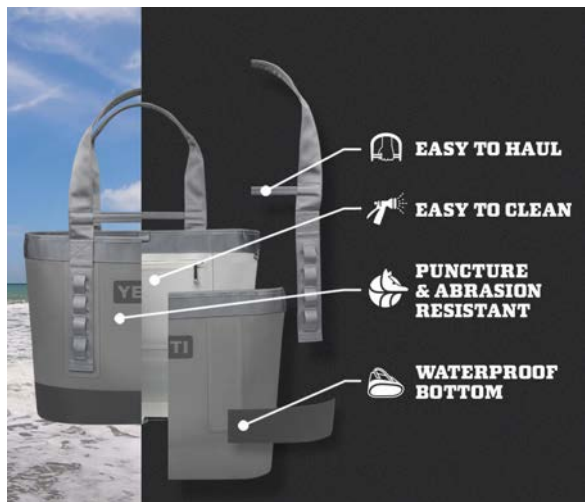

Back

YETI® Hopper Flip Two 30 Soft-Sided Cooler

Tough as can be, with a DryHide shell that's waterproof and resists punctures and abrasions. Keep food and drinks colder than ordinary coolers with closed-cell foam insulation. And lock out moisture with a 100% waterproof zipper. Fog gray. Holds 23 cans of beer, 28 lbs. of ice. 18"H x 25"W x 12"D.

YHPT30-GRY \$239.99

YETI Camino Carryall 35

The perfect go-anywhere bag. Waterproof and puncture-proof, with a wide mouth opening for easy access. Rugged high-density Thickskin nylon, with waterproof molded EVA base. 14.875"H x 18.125"W x 9.875"D. *Specify color: everglade sand, storm gray or reef blue.*

CAMINO35 \$149.99

YETI Tundra Haul Cooler

First-ever YETI cooler on wheels delivers Tundra's legendary toughness and cooling power. Two wheels and a tow handle make it easy to haul, even if you fill it to its 45-can capacity. Rolls easily over sand, grass, rocks and unpaved areas. PermaFrost insulation is commercial-grade polyurethane insulation to keep food and drinks cooler longer. 19.5"H x 18.625"W x 28.25"D. *Specify color: white or desert tan.*

#YTUNH50 \$399.99

YETI Roadie 20

This small but mighty, hard-sided outdoor cooler holds 16 cans of beer, or 20 pounds of ice. And keeps it ultra-cold, with extra-thick Fatwall shell, packed with PermaFrost insulation. 19-1/8"x14-1/4". *Specify color: white or desert tan.*

YRDE20 \$199.99

YETI LoadOut Bucket

Not a cooler, but a souped-up replacement for that 5-gallon bucket you always lug to work. Whether you're at the ranch or in the shop, this nearly indestructible bucket is handy for lugging, loading, hauling and more. High-density polyethylene construction. LipGrip Handle for easy carrying when full. 10.25" x 12.875" x 15.875".

LoadOut	#YLOT5G	\$39.99
LoadOut Caddy	#YLOT5GCADDY	\$19.99
LoadOut Utility Gear Belt	#YLOT5GBELT	\$39.99
LoadOut Lid	#YLOT5GLID	\$29.99
